

Amendment to the Drawings

Attached are formal drawings (8 sheets) of Figs. 1-8. The drawings include a change to Fig. 5 to correct a typographical error in block 544. In particular, the word "AfterConversion" has been changed to "AfterTransformation." Support for such a change may be found, for example, on page 49, lines 27-28, of the specification. The amendment to Fig. 5 is submitted for clarification purposes only and does not present new matter. Approval of the submitted changes by the Examiner is requested.

Attachment: Formal Drawings of Figs. 1-8 (8 sheets).
